

NAVAL REACTORS
DOE ORDER IMPLEMENTATION BULLETIN NUMBER 5670.3 - 76, REVISION 0

Consistent with the Naval Nuclear Propulsion Program overall concept of operations, the following provides specific implementation guidance for the Counterintelligence (CI) Program at activities under the Director's cognizance. This guidance takes precedence over relevant guidance in DOE Order 5670.3 and guidance found in other DOE documents.

1. Consistent with Naval Reactors DOE Order Implementation Bulletin 5631.1B - 34, CI awareness briefings will be combined with initial and annual refresher security education and awareness briefings.
2. CI incident examination, inquiries, resolutions, and/or referral to appropriate Intelligence Community/law enforcement agencies must be approved in writing by the Naval Reactors Field Office Manager, with the concurrence of Naval Reactors Headquarters.
3. Naval Reactors Field Offices will notify Naval Reactors Headquarters within 24 hours of all incidents involving suspected or identified foreign intelligence activities and all incidents involving suspected or identified technical penetrations affecting persons or facilities under their cognizance. Further dissemination of these reports will be determined by Naval Reactors Headquarters.
4. Foreign travel and contact briefings will be conducted consistent with Naval Reactors DOE Order Implementation Bulletins 5631.1B - 34 and 1500.3 - 45.
5. CI Program evaluations will be conducted by Naval Reactors Field Offices with oversight by Naval Reactors Headquarters.
6. Naval Reactors Field Offices will submit waiver and exception requests applicable to DOE Order 5670.3 and this Implementation Bulletin to Naval Reactors Headquarters for approval.
